

Sustainability Lecture Series “Green Careers in the Engineering Field”

Speaker: Mr. Gary Thein of Covanta Energy

Abstract: Covanta Energy is an internationally recognized owner and operator of Energy-from-Waste (EfW) and renewable energy projects. This lecture will cover the many jobs offered in the Energy-from Waste (EfW) industry and sustainability in the workplace as well. At Stevens, there are programs directed to sustainability education and innovation.

Biography:

Mr. Gary Thein is the Vice President of Environmental Quality Management at Covanta Energy and has worked with them for 27 years. He is a Stevens alumni, class of 1971 and obtained both his bachelors and masters degree in mechanical engineering.

ESW – Stevens Chapter is a newly founded chapter and official RSO committed to empowering Stevens students to get involved on campus and in the local community on sustainability related projects.
