Advisory Committee

The North Jersey Section of the American Institute of Chemical Engineers is pleased to offer scholarships in recognition of both scholastic excellence and service to AIChE. These awards are available to members of two student chapters associated with the North Jersey Section:

- New Jersey Institute of Technology
- Stevens Institute of Technology

Each university has active student chapters and outstanding student leaders. In recognition of this, the North Jersey Section strives to present monetary awards to five students from NJIT and four from Stevens each year. The awards available for 2022 are as follows:

Student Scholarship Awards for NJIT:

1. Oden S Knight (*Co-founder of Section and Chairperson*) & Ralph Cohen (*Co-founder of Section and Chairperson*)
2. Stanley S. Gressel (*Chairperson*)
3. Otto York (*Outstanding Entrepreneur*)
4. Outstanding Chemical Engineering Senior
5. Angelo J. Perna Memorial (*Chairperson*)

Student Scholarship Awards for Stevens:

1. Lee Parker Memorial (*Co-founder of Section and Chairperson*)
2. Walter Schneider Memorial (*Chairperson*)
3. John Anderson Memorial (*Chairperson*)
4. Herbert M. Fried (*Chairperson*)

This year we are **also offering two “at large” scholarships** funded by Mr. Ara Barsamian, President and CEO of Refinery Automation Institute, LLC, and a Director on the North Jersey AIChE Section’s Executive Committee. These scholarships will be awarded to the **best qualified applicant**, regardless of whether they attend NJIT or SIT. These three scholarships are as follows:

Refinery Automation Institute, LLC Scholarships:

1. RAI Outstanding ChE Senior
2. RAI Imaginative ChE Junior or Senior

These scholarships are awarded to AIChE student chapter members based upon both scholastic achievement and service to the AIChE student chapter. Current, active membership in the student chapter is required in order to be considered for receipt of a Section scholarship award. Service to the AIChE student chapter can include: serving as an officer of the student section, participation on the Chem-E Car team, or any other activity judged by the Executive Committee of the North Jersey Section, AIChE to have provided substantive support and/or service to the student chapter.

NORTH JERSEY SECTION SCHOLARSHIP APPLICATION

The Executive Committee of the North Jersey Section will review the qualifications of the scholarship award nominees, as presented on the Scholarship Application, and via a copy of the nominee's resume or curriculum vitae. This review and final determination of award recipients will be made no later than the February Executive Committee meeting. The scholarship award winners will be notified through their student chapter adviser, and the awards will be presented at a spring 2022 monthly section dinner meeting, date and location to be determined. Scholarship award applications are due by Jan 31st. Applications should be mailed or e-mailed to:
