Culture: Making it big in the KPop Industry

- Auditions
- Trainee process
  - They dorm with other KPop trainees. You could be in the same group as them.
  - Some rules: NO DATING
  - Lots of practice.
  - Keep that diet. Eat little
- When you debut...
  - You compete in some competition
- You know you've made it when you have Saesangs (crazy fans) or fake news written about you.
