

GBM 1

STEVENS HEALTH PROFESSIONS
CLUB

Plans for this Semester

01

MCAT Talk

We will be discussing the MCAT exam, including its breakdown, subject areas that are covered, and the times for each section. Afterwards, different members who have already taken the exam will talk about how they studied and their experience with the exam.

02

GBM 2

GBM 2 will focus on nominations. For anyone interested in running for a position, feel free to reach out to specific E-Board members about roles and responsibilities. We will have elections the week after.

HPAC Process

- In the email we sent out, there was a document explaining the HPAC process for students that are planning on applying to professional school this upcoming cycle
- There is also an HPAC canvas page. Email Jona Drishti to be added to it.
- For underclassmen, take a look as well. It will help you start to plan and see how you need to prepare for your future applications.

LET'S PLAY
JEOPARDY!

Peer Mentoring Program

Thank You!
