

SHRC | Welcome Back!

Introductions!

President: Yoochan Ko

Vice President: Paul Szenher

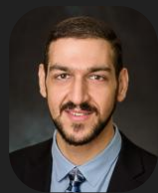

Treasurer: Adam Testa

Secretary: TBD Soon!

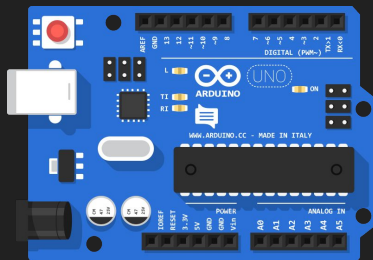

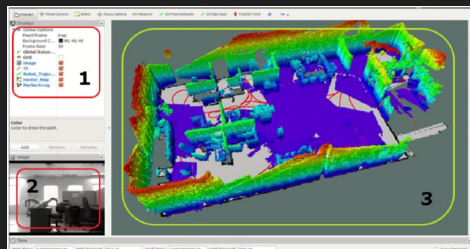

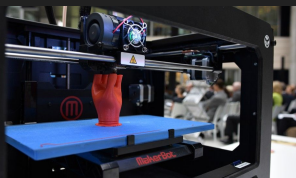

(We are opening up applications!)

Faculty Advisor:
Prof. Salman

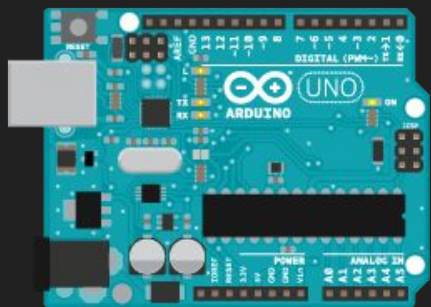

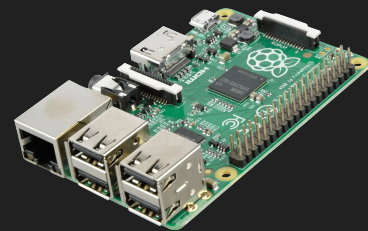

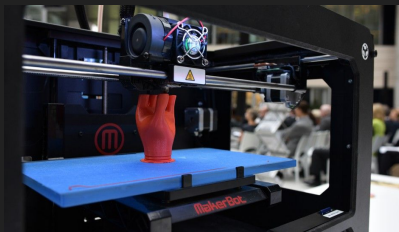

Who We Are!

Stevens Hobby Robotics Club is dedicated to the pursuit of robotic engineering outside of the classroom. The club focuses on student-generated activities and projects.

What we did last semester!

- Internet of Things with Arduino and RPi
- Tiny Whoops & FPV Drone Racing
- iRobot Serial Programming
- Intro to 3D Printing

Meeting Times?

General Body Meetings:

Tuesdays, 9 - 10pm

Other Breakout Meetings:

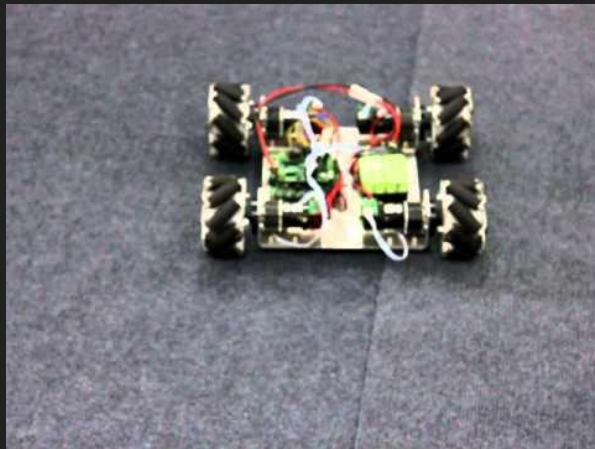

We might hold other breakout meetings throughout the week if need be.

Objectives for the rest of the Year!

- For you guys to learn something new!
- Proficiency in Soldering & Knowledge of Basic Electronics
- Learn how to program Arduinos & in ROS
- ...and finally begin work on our Autonomous RC Car!

Projects We Have Planned for this semester!

Election for open E-Board position!

Secretary:

- Engage in SHRC E-Board/Mentor meetings and help strategize club events and projects
- Send out Emails
- Design Flyers / Posters
- Take photos of meetings and keep website updated
