Externship Program

2014-2015

Kearfott Externship Opportunity!

Kearfott Corporation is hosting a student job shadow/facility tour day in January!

Kearfott produces inertial and GPS-aided navigation components and systems, and electro-mechanical motion control component and systems, for aircraft and missiles, autonomous underwater vehicles and surface ships, ground vehicles, artillery systems, and spacecraft. Kearfott's products and systems are used in both commercial and military applications.

To be eligible to apply for an externship, you must be a Stevens Institute of Technology undergraduate student at the time of application.

Please fill out this form if you are interested in attending the externship at Kearfott:
